

10 REASONS

Office Managers Love eAssist

1 Unmatched expertise
eAssist has dental billing experts with a combined 7,500+ years of experience that know the ins-and-outs of insurance companies and every practice management software out there.

2 HIPAA Secure
eAssist has received a HIPAA Seal of Compliance from the Compliancy Group and works directly inside your software, so there is no need to transfer documents and endanger your patients' PHI.

3 Less juggling
eAssist Success Consultants are the additional arms needed to keep all of the day-to-day plates spinning.

4 Reduced stress
eAssist takes the most daunting tasks and keeps the revenue flowing behind the scenes so you can focus on what drives revenue to the practice.

5 Free up the phone
eAssist handles those long, sometimes complicated, phone calls with insurance companies so your time is freed up for treatment planning, scheduling, and providing an amazing patient experience.

6 Increased collections
eAssist supports the appeal process and consistently works to get 100% of what is rightfully owed on a claim.

7 Accountability
eAssist delivers daily, weekly, and monthly practice metric reports for full transparency and accountability.

8 Aligned goals
eAssist has the practice's success in mind and sets internal Key Performance Indicators (KPIs) to achieve the practice's goals.

9 Additional resources
eAssist has a catalog of resources to help elevate you to be the best Office Manager you can be.

10 Consistent support
The eAssist team is always there to support you, even if it is just listening when you have a bad day.
