

10 REASONS

Office Managers Love eAssist

1 Unmatched expertise

The eAssist platform boasts dental billing specialists with a combined 7,500+ years of experience that know the ins-and-outs of insurance companies and every practice management software out there.

2 HIPAA Secure

The eAssist platform has received a HIPAA Seal of Compliance from the Compliancy Group and works directly inside your software, so there is no need to transfer documents and endanger your patients' PHI.

3 Less juggling

The Success Consultants who use the eAssist platform are the additional arms needed to keep all of the day-to-day plates spinning.

4 Reduced stress

The eAssist platform takes on the most daunting tasks and keeps the revenue flowing behind the scenes so you can focus on what drives revenue to the practice.

5 Free up the phone

The Success Consultants who use our platform handle those long, sometimes complicated, phone calls with insurance companies so your time is freed up for treatment planning, scheduling, and providing an amazing patient experience.

6 Increased collections

The eAssist platform supports the appeal process and consistently works to get 100% of what is rightfully owed on a claim.

7 Accountability

The eAssist platform delivers daily, weekly, and monthly practice metric reports for full transparency and accountability.

8 Aligned goals

The eAssist platform has the practice's success in mind and sets internal Key Performance Indicators (KPIs) to achieve the practice's goals.

9 Additional resources

eAssist has a catalog of resources to help elevate you to be the best Office Manager you can be.

10 Consistent support

The eAssist team is always there to support you, even if it is just listening when you have a bad day.
